

JUSTWAIT

Hope Resource Center

"Encouraging East TN students to strive for the best life has to offer for more than a decade."

March 2008

JUSTWAIT

began in 1994 as an organization called "East Tennessee Nurses for Health Education". At that time the staff was made up of various volunteers from the medical community of Knoxville that would go into any Middle or High School that would allow them to. Once in the school, the volunteers would teach the students the medical and personal benefits of waiting to have sex until marriage.
