"More than a decade of sharing the benefits of remaining abstinent until marriage."

## IN THE MEDIA

We have pushed our media campaign back to begin May 15th. It will include new billboards, commercials, and webisodes. You will be able to see the billboards in Knox, Blount, and Loudon counties. The billboards and commercials will all focus on the new campaign tag line of "Sex Makes...". Our first webisode deals with who we are and what we do. It will be a nice intro for those who know nothing about us. Be sure to check it out and be sure to tell your friends and family.

## A WORD FROM THE DIRECTOR

Gardasil, made by Merck and Co., is a vaccine that has been passed by the FDA for ages 9-26 year old woman to help prevent Human Papilloma Virus (HPV) which is linked to cervical cancer and genital warts. Just within the last month, the FDA has begun considering increasing the age range to 27-45 year old women. A decision should be made before the summer is out. Click the link below for more info.
